

ROSEMARY FISHER

Having lost her abusive father in an alcohol-related accident at the age of 9, and her mother to suicide at the age of 16, Rosemary Fisher is a woman who understands the enormous difficulties women face. Her incomparable message of self-discovery and compassionate freedom resonate with women of all ages. She is a powerful national conference and event speaker whose bold yet humorous delivery sounds a resonating “wake up” call to the Bride of Christ, transforming women everywhere to be prepared for Christ's glorious return.

"From the very moment she arrived, Rosemary displayed compassion and enthusiasm. Her message at our women's retreat was heart-warming as well as humorous. Her dependence on the Holy Spirit to lead her in ministry makes her an asset to any church gathering." ...
